CONGRESS FACES HOT SESSION

PRESIDENT SUBMITS FOUR-POINT PROGRAM FOR LEGISLATION

REMOVAL TAX INJUSTICES TO ENCOURAGE ENTER-PRISE RECOMMENDED

WASHINGTON, Nov. 15. -(P)—President Roosevelt recommended removal of tax injustices "to encourage productive enterprise" today in submitting a fourpoint legislative program to congress.

In a message opening the special session which was read to the senate and nouse by clerks, the president asked "early action" on legislation on farm crop control, labor wages and hours, re-organization of the executive branch and planning of natural resources.

But of at least equal importance o members were these rembarks

"Unjust provisions should be removed, provided such removal does not create new injustices. x X Nor can we at this time accept a revision of our tax laws which involves a reduction in the aggregate revenues or an increase in the aggregate tax burdens of those least able to bear them.

"We should give special consideration to lightening inequitable burdens on the enterprise of the small business men of the nation. x x x In this way me may also find assistance in our search for a more effective method of checking the growing concentration in economic control and the resultant monopolistic practices which persist today in splite of anti-trust statutes. A further search for additional methods to meet this threat to free competitive enterprise is called for at this time."

Tax Revision Not Asked For.
Mr. Roosevelt did not ask action on ax revision at the special session, a course advocated by many members of his party. He noted the question was receiving study by the treasury and congressional committees.

Again he reiterated that he expected the next budget "can be brought within a definite balance" and directed special attention to business conditions.

"Since your adjournment in August there has been a marked recession in industrial production and industrial purchases following a fairly steady advance for

"The present decline has not reached serious proportions. But it has the effect of decreasing the national income—and that is a matter of definite concern."

Discussions with businessmen. large and small, and leaders of agriculture and labor, Mr. Roose, velt asserted, had made clear to him that "we have wisdom enough in the country today not only to check the present recession but to lay the ground work for a permanent recovery."

R. JAMES I. SEDER ESCAPED AFTER DEMAND MADE FOR \$50,000 BY KIDNAPERS

WASHINGTON, Nov. 12.

—(P)—J. Edgar Hoover said today that federal agents had arrested Arnett A. Booth at Huntington, W. Va., on charges of demanding \$50,000 for the release of Dr. James I. Seder, 79-year-old former minister who was kidnaped from his Huntington for the Chamber of Commerce Friday morning and plans for the linancial campaign to be launched at once were developed. Sydney Marks, chairman of the group, presided at the meeting. It was pointed out that the decorations would be a valuable would be carried on as a community project and not as a mercantile venture with a profit motive.

The plans as adopted called for four streamers of lights across of Dr. James I. Seder, 79-year-old former minister who was kidnaped from his Huntington home November 1.

The director of the federal bu-

reau of investigation near an abandoned coal mine seven miles outside of Wayne, W. Va. He is recovering in a Huntington hospital.

Hoover said Booth admitted to rederal agents that he had par-ticipated in the abduction of Dr. Seder in writing a \$50,000 ransom letter November 6. His confes-sion, Hoover said, implicated Or-

letter November 6. His confession, Hoover said, implicated Orville Atkins and John Travis, who are still at large.

Hoever sald Dr. Seder was kidnaped by three men when he agreed to accompany them to assist in cashing a check. He was found yesterday only after a resident, near the farm on which he had ben held captive for 11 days, heard his cries for help.

Federal agents and Huntington police officers found Dr. Seder in an exhausted condition. He had succeded in climbing from a steep 30 foot ravine in which he had been held prisoner but was covered with scratches, bruises and blood, Hoover said.

Hoover said Booth was a tenant of Dr. Seder's and had enlisted the former minister's aid in establishing credit with a local merchant so he could cash a \$30 check. The check was returned as void and on November 1 Booth went back to Dr. Seder would help him cash the \$60 check.

Dr. Seder left his home in an automobile which Director Hoover said was occupied by Booth, Atkins and Travis. Instead of taking him to town, he said, they drove him to the farm near Wayne.

on November 6 when the ransom note was delivered. Hoover declared federal charges would be filed against the three men at Huntington today.

At the time Dr. Seder disappeared, Dr. Edward F. Reaser, psychiatrist of the Huntington State Hospital said he believed that the retired minister might have been suffering from a psychosis which sent him into hiding. Blood-stained bedelothing lay in a cave near the spot where Dr. Seder was found and the Huntington Hareld-Dispatch said it had learned it was from the Seder home in Huntington.

METHODISTS PLAN **CRUSADE FOR SOULS DURING NEXT YEAR**

FORT WORTH, Nov. 13.—(P)—An evangelistic "Crusade for Souls" to rival the oid-fashioned Methodist revivals which one swept the country will be carried on in the Methodist Episcopal Church, South, next year.

next year.

The Central Texas conference voted today to support the church-wide campaign wholeheartedly, and set a goal of double the number of conversions in the conference

of conversions in the conference churches this year.

The crusades will be conducted in commemoration of the two hundredth anniversary of the conversion of John Wesley and the founding of the churches in the 16-district conference are to convert at least 7,326 persons to increase Bible school enrollment 25 per cent and to contribute not less than 20 per cent more for benevolences than was paid this year.

Rev. G. R. Thomas, Jr., of Drasco-Pumphrey, in the Brownwood district, was received into full connection with the ministry.

Resignation Is Announced By Justice Peace

Gariand Anderson Issued the following statement Saturday with the request that it be published:
To The People of Navarro

To The People of Navarro County:

I am taking this method to inform the people of Navarro county of my resignation as Justice of the Peace of Precinct No. 7, of this county, and I desire the people to know, as well as my friends, that I am not tendering my resignation as a result of the suit instituted on the relation of the District Attorney to remove me from this office, but because of my ambition to serve the people of this county in a more important office. At a proper time during the month of January, 1938, I will formally announce my candidacy through the newsparers of this county for the office of County Judge. I feel like that I am qualified by training and experience for this important position.

What are some arguments advanced for the tax?

Treasury spokesmen have said it prevents accumulation of funds which should go to security holders. When surpluses are not distributed, they said, security holders enjoy their benefits in the form of more valuable investments, but avoid payments of higher income taxes. Also, some persons contend, the tax tends to increase the buying power of security holders.

What are arguments against it?

Business men contend the levy weakens corporation financial structures by forcing payment of excessive dividends and pre-

vents accumulation of reserves for use in business recessions. They say the dividend distributions often prevent plant expansion, thus retarding employment, and that the tax weighs more heavily on the small company seeking to grow than on the big, established corporation.

New Yorkers May Leave Dead Horse Without Lights

NEW YORK, Nov. 13.—(P)—After January 1 New Yorkers will be legally free to leave a dead horse in the street "without fitting illumination and a tag declaring who be the owner."

They also will beave a legal right to fly a kite within the city limits, boil bones without a permit—or own a bean shoot-or.

This new freedom will result from the efforts of Reuben Lazarus, and a staff of 40 lawyer assistants who for two years have been weeding out ancient city statutes and codifying municipal laws.

Thanks to Lazarus, public buildings soon will need no longer have "at least one cuspidor for every two people"—and one will again have the privilege of driving pigs down "Broad Way" a pleasure that has been banned since the 17th century.

Thousands Of Cotton Farmers Can't Be Wrong

They find in Bryant Cotton all the good points combined---high yield per acre---matures early---easily picked---opens and can be gathered before fall rains damage the grade---storm-proof---premium staple---always in demand.

> Mr. John J. Bryant Cotton Breeder

Corsicana, Texas Dear Sir:

Last year I gave your Bryant Cotton a thorough test. Competent cotton buyers informed me that Bryant staple was around 1 1-16 inch, fully 1-16th longer than other big boll varieties in this section. The turnout and general character convinced me that it was the most profitable cotton to raise. Owing to its vigorous growth and early maturing it gets ahead of the insects. as you know this letter was unsolicited, but as my own welfare depends largely upon the success of the farmers near me, I am greatly interested in seeing as much Bryant Cotton planted as possible for I know it's more net profit to all of us to plant it. Very truly yours, F. H. THOMPSON

nity is Bryant strain. It has won its place in hard competition with other well known varieties strictly on its ability to outyield them in dollars per acre.

Very truly yours, W. T. LATTNER Thornton, Texas.

Growers everywhere are profiting by the bigger acre yields secured from Pedigreed Bryant Cottonseed. Hand in hand with good staple, ease of picking and good lint turnout goes a prolificness bred into the plant by years of careful selection of early vigorous short jointed long limbed plants that insures the Grower Maximum Returns on his cotton acres.

The YMCA Girls basketball team opened their season Wednesday night on the Y court with a win over the Powell school girls by the score of 29-23, while the boys of the Y squad counted number two to the season in as many starts with a 45-15 victory over the Powell school boys.

Both games were fast and interesting giving the spectators a fair idea of what to expect from the Y boys and girls for the year. Games for next Wednesday night are being arranged with two strong teams out of the county. The games will begin at 7:30 and 8:30 respectively.

For the YMCA Girls Watkins of the Barry team of last season was high scorer with 11 counters, however Varner of Powell topped her total by one sinking three field goals and six charity tosses. Pollard and Frost forward and center for the Y boys shared honors with fifteen points each while Haynie of Powell with seven markers was tops.

ATLEE POMERENE, FORMER DEMOCRÁTIC U. S. SENATOR DIES

OHIO POLITICAL LEADER SEVERAL TIMES MENTION-ED FOR PRESIDENCY

CLEVELAND, Nov. 18.—(P)—Atlee Pomerene, former Democratic United States senator from Ohio and several times mentioned for the presidency, is dead. Suffering from an attack of broncho-pneumonia, the 73-year old former senator who assisted in the prosecution of the Toapot Dome oil lease cases and who later became chairman of the Reconstruction Finance Corporation, died at his home last night following an illness of several weeks.

Funeral services will be held here Monday and burial will be at Canton, O.
As a member of the United States

As a member of the United States senate from Ohio, Atles Pomorene became one of the leaders of that body during the first term of President Woodrow Wilson.
His close association with the White House resulted in the senator's designation as the accredited representative of the president at the Democratic national convention at St. Louis in 1916, at which Mr. Wilson was renominated.

During two terms in the senate, Mr. Pomerene supported the Democratic position on many legisla-

S h e does most of the housework, giving out, or having the roughest work done for her, the roughest work done for her, Kathryn, who is really 20, goes to business and holds an office position. She looks the older of the two girls, as she is inclined to take on weight, even that of an extra fullness now about her hips and waistline, since she is at a desk most of the hours she is at a desk most of the hours she is at work, and has not known what to do to prevent this tendency to spreading hips. Moreover, she is very fond of sweets, and has continued to indulge her tastes for chocolate ice cream sundaes, custard pies, hot chocolates, just as she had done in her school days when she was on many of the athletic teams. Her idea of a satisfying business lunch is either that of roast meat and potatoes, or a larger order of some kind of meat pie, and for days with a lesser appetite, the sandwich, ham, or salmon, and always covered with mayonnaise. The sweets always finished the ropuds to her weight, and became mature about her hips could not have been otherwise. She has found out the reason for her overweight, and is changing Kathryn, who is really 20, goes

both her diet and her habits. Results will show quickly at 20, and when a person is in earnest as it Kathyrn.

Mrs. L. C.—A woman who weighs over 190 pounds could not reduce her abdomen easily. The only way to do any reducing is through the diet, and in this case a doctor should handle the progress of the reduction. The entire condition of the system should be known, then watched, while the extra fatty tissue is being disposed of through normal channels. Perhaps 40 to 50 pounds, even more, may have to be absorbed and thrown off. It should be done slowly, too, while all the tissues of body are being built up into firmness. Five pounds a month would be enough to lose under the circumstances.

If you have any beauty problems you cannot solve, write for Etina Kent Forbes' three NEW beauty booklets: 1. "Fifteen Minutes a Day for Beauty." (2) "The Finer Points of Beauty." (3) "Eating And Bathing for Beauty." Send ten centa (in etamps) for EACH booklet, to pay for printing and handling and enclose a stamped, self-addressed envelope (s.a.s.o.). PLANS COMPLETED FOR PARTICIPATION IN JOBLESS CENSUS

Postmaster A. A. Allison announced Monday morning that all plans had been completed for the plans had been completed for the local participation in the national unemployment census, beginning Tuesday, Nov. 16, and continuing through Saturday, Nov. 20. The postoffice department, he said, was busy today putting up placards and other announcements in show windows of the city as a climax of a drive to make the public conscious of the census.

"We hope," Postmaster Allison said, "the entire citizenry, led by Mayor J. S. Murchison, who has given splendid co-operation by appointing leaders in the drive, that not a single unemployed person is skipped in the campaign. A careful census means much to cities like Corsicana, inasmuch as at the

T is our Birthday . . . our Twenty-fifth . . . our Silver Anniversary. We mention it, not that we expect acclaim for having survived during these twenty-five eventful years, nor for having served well for that time; but we mark the day because this past quartercentury has been filled with great achievements in Texas, and by Texans.

It is our conviction that we have contributed something worth while, something lasting and beneficial to the people for and with whom we work. Dependable Transmission Line Electric Power, pioneered in Texas by this Company in 1912, has extended the limits of Texas' opportunities . . . has given wings to achievement . . . has brought the comforts, conveniences and economies of its service to hundreds of communities and to thousands of homes which, otherwise, would long have been denied these advantages.

Transmission Line Power Service has been . . . and is now...a very real boon to industrial development, meeting the needs of smaller cities and towns served

by this Company. This form of adequate, dependable service . . . at low cost . . . and usable at such low investment cost ... has made it possible for the smaller community to enjoy a more balanced income.

So, on the occasion of our Twenty-fifth Birthday, we refer to the evidence of yesterday's progress, and we pledge all of our resources to serving those who look singly to us for Electric Service... the cheapest and most useful public service.

And, it is fitting that we express our appreciation for thousands upon thousands of fine friendships which have arisen around us during this quartercentury. It is our single aim to merit and hold and enlarge those friendships through the years to come ... by rendering a service in simple trust and faith.

No matter now many medicines you have tried for your cough, chest cold, or bronchial irritation, you can get relief now with Creomulsion. Serious trouble may be brewing and you cannot afford to take a chance with any remedy less potent than Creomulsion, which goes right to the seat of the trouble and aids nature to soothe and heal the inflamed mucous membranes and to loosen and expel the germ-laden phlegm. Even if other remedies have failed, don't be discouraged, try Creomulsion. Your druggist is authorized to rifund your money if you are not orotally satisfied with the beness obtained from the very first bottle. Creomulsion is one word—not two, and it has no hyphen in it. Ask for it plainly, see that the name on the bottle is Creomulsion, and you'll get the genuine product and the relief you want. (Adv.)
